Name change for the TM Gravis Digital Infrastructure Income fund

I am writing to you because you are invested in the TM Gravis Digital Infrastructure Income fund, provided by Thesis Unit Trust Management Limited.

Thesis will change the name of the fund from **18 January 2027**.

You'll see the new fund name on our valuations and statements after this date.

Old fund name	New fund name
TM Gravis Digital Infrastructure Income	TM Gravis Global Digital Infrastructure

The fund objective, risk profile and Ongoing Charges Figure (OCF) / Total Expense Ratio (TER) will not change.

The OCF/TER represents the ongoing charges for the fund, expressed as a percentage. It is the sum of the Annual Management Charge (AMC) and all other running costs of the fund. OCF is increasingly replacing TER.

Why the change is happening

The fund's name is being updated to reflect the global nature of the fund's investment approach. The reference to 'income' is being removed to better reflect the existing investment objective, which seeks to achieve both income and capital growth.

At the same time, the investment policy will be updated with the aim of making it clearer and easier for investors to understand.

The amendments reflect the Investment Manager's current approach and do not constitute a change to the fund's investment strategy or the way in which it is managed.
