

## Discounted Gift Trust Reasons Why Bare version

*This document has been compiled to provide you with some information and reasons for your client which you may wish to incorporate within your recommendation letters. These sample paragraphs are for your information and consideration only. You will, of course, need to relate the sections you select to your client's own circumstances as they may not all be relevant. This wording has been produced to help you, as a financial adviser, draft your own material. We accept no responsibility for ensuring that it meets with your own regulatory requirements and you should arrange for approval in accordance with your regulator's rules within your own firm.*

The Discounted Gift Trust - Bare version and Collective Investment Bond (CIB) are both provided by Quilter Life & Pensions Limited.

### *Summary of recommendation*

I recommend that you make a £<enter amount> single lump sum contribution into a Quilter Life & Pensions Collective Investment Bond. Following commencement of the bond we will place it into the Discounted Gift Trust - Bare version

### *What are the key benefits of this recommendation?*

The trust is designed to allow you to receive regular withdrawals during your lifetime and immediately reduce your inheritance tax (IHT) liability. Depending on your age and state of health, the amount liable to IHT could be significantly reduced.

After seven years, there would be no further IHT liability on the original gift. If you die within seven years of creating the trust, you may be entitled to taper relief which would reduce the Inheritance Tax payable.

It allows you to create a legacy for your chosen beneficiaries providing certainty over who will inherit your wealth.

The Quilter Collective Investment Bond is used as the investment within the Discounted Gift Trust - Bare version. This is a single premium, unit linked, whole of life assurance policy. The Collective Investment Bond is a Defaqto '5 Star' rated bond provided by Quilter Life & Pensions Limited.

### *What personal objectives does this achieve?*

We have discussed your personal objectives and the recommendation of the Discounted Gift Trust - Bare version achieves the following objectives (delete/amend as appropriate):

- ▶ You would like to take action about the IHT position of your estate
- ▶ You would like to provide a legacy for your family
- ▶ You are happy to make a gift in order to achieve this but you have confirmed that you do require access to your gift in the form of regular withdrawals
- ▶ You would like to nominate the beneficiaries up front as you are certain of who you would like to benefit and in what proportions

## *Summary of how the Discounted Gift Trust - Bare version works and the advantages to you of using it*

The Discounted Gift Trust - Bare version is designed to allow you to make a gift (your Collective Investment Bond) to the trustees. The Collective Investment Bond is then held for the benefit of your chosen beneficiaries by the trustees you have appointed.

The trust provides you with access by way of regular withdrawals from the trust during your lifetime(s). This type of arrangement does not create a gift with reservation as you or your spouse or civil partner\* will not be life/lives assured.

The trust fund (your Collective Investment Bond) will be notionally split into two parts:

- ▶ The Residual Fund will be a Potentially Exempt Transfer (PET).
- ▶ The Settlor's Fund: you will retain an absolute right to the Settlor's Fund but only by the agreed regular withdrawals until your death.

The trust also allows the trustees to have continued access to the trust fund on your death without the need for lengthy probate delays.

The Discounted Gift Trust - Bare version allows you to:

- ▶ make a substantial gift (PET) enabling you to reduce your estate (after 7 years)
- ▶ retain a right to receive fixed regular withdrawals during your lifetime
- ▶ benefit from a discount on the value of your gift (PET) for IHT purposes (see further details below)
- ▶ remove future growth on the gift outside of your estate from day one
- ▶ provide a legacy for your chosen beneficiaries
- ▶ link your Collective Investment Bond to a wide range of investment funds managed by the world's leading fund managers

As you are not giving away all rights to the Collective Investment Bond (you'll retain a right to regular withdrawals) a discount to the value gifted is undertaken by Quilter. The discount(s) initially quoted will reflect your state of health at the time. You can request that we inform you of the discount before the gift into trust is declared.

Under the Discounted Gift Trust underwriting is compulsory when the discount referenced above is calculated. This is because if you were to die soon after effecting the trust, HM Revenue & Customs (HMRC) might feel justified in assuming that you were not in good health when the contract was effected. This could mean that they limit the discount accordingly.

This enables the scheme to be established with clarity around the discounts illustrated.

## *Inheritance Tax Summary*

### **Initial lump sum payment into the Collective Investment Bond subsequently moving into the Discounted Gift Trust - Bare version**

By transferring the bond into the trust, you are making a gift for inheritance tax (IHT) purposes. This gift will be treated as a 'Potentially Exempt Transfer' (PET) apart from any amount covered by an exemption. A PET is a transfer of value which is made by an individual to another individual and which is not an exempt (for example gifts to a spouse/civil partner).

Following the PET, each named beneficiary's estate is increased by their proportion of the trust fund i.e. you have transferred the value of your estate (or a proportion of it) into theirs.

### **When you die**

The original gift into the trust (after any discount) - You must survive seven years after transferring the bond for the gift to be considered outside of your estate for IHT purposes. If you do not survive seven years then there may be further IHT to pay on death.

More information on Inheritance Tax can be found here: [quilter.com/siteassets/documents/platform/guides-and-brochures/0653\\_your\\_guide\\_to\\_uk\\_inheritance\\_tax\\_and\\_trusts.pdf](https://quilter.com/siteassets/documents/platform/guides-and-brochures/0653_your_guide_to_uk_inheritance_tax_and_trusts.pdf)

## *Cost of advice*

The initial fee will be £<enter amount>, which is <enter rate>% of the value being invested in the Collective Investment Bond.

My ongoing service fee is <enter rate>% of the Collective Investment Bond value per year and will provide the service to the trustees as outlined in our 'Terms of Business'. The actual amount will fluctuate in line with the bond value each year. Based on the initial investment, the yearly cost will be £<enter amount>.

These fees can be paid by you (initial) directly or by the trustees (ongoing) or by deduction from the bond value. You have confirmed you would prefer to pay the fees by deduction from the bond.

## *The Collective Investment Bond*

As discussed, the Quilter Collective Investment Bond is used as the investment within the Discounted Gift Trust - Bare version. The Collective Investment Bond is a Defaqto '5 Star' rated bond provided by Quilter Life & Pensions Limited.

<Delete as appropriate:>

The Collective Investment Bond can be linked to a wide choice of 2,600 unit trusts and OEICs. We will linked the bonds value to a portfolio built and managed by us which is relevant to the risk profile agreed with you and the trustees as being appropriate for the trustee investment horizon.

The Collective Investment Bond can be linked to a wide choice of 2,600 unit trusts and OEICs. We agreed that the bond will be linked to Quilter's WealthSelect discretionary investment solution. This is appropriate for the trustee investment horizon. Quilter will manage the asset allocation, manager selection, and day-to-day running of the portfolio at a very competitive cost.

The Collective Investment Bond can be linked to a wide choice of 2,600 unit trusts and OEICs. We agreed that the bond will be linked to the services of <enter discretionary investment manager>. <Enter discretionary investment manager> will build and maintain a portfolio suitable for the trustee investment horizon.

The Collective Investment Bond offers an unbundled charging structure which means:

- ▶ There is one simple tiered Product Charge with a rate that reduces as the platform investments increase
- ▶ There is no charge to establish the trust or manage it on an ongoing basis above the Product Charge
- ▶ You/the trustees can access the best fund deals in the market
- ▶ There are no transaction fees for withdrawals and trades on the unit trusts and OEICs linked to the bond

## *Possible disadvantages*

Please be aware of the following disadvantages of my recommendation:

- ▶ You may not reduce your IHT liability if HMRC interprets existing legislation differently or if legislation or HMRC practice changes
- ▶ The named beneficiaries can't be changed once the trust is established
- ▶ The value of the bond is not guaranteed, as the prices of the linked units may fall as well as rise
- ▶ The Financial Services Compensation Scheme acts as a safety net for customers of UK financial services providers. If Quilter Life & Pensions Limited cannot meet its liabilities, the Financial Services Compensation Scheme may arrange to transfer your policy to another insurer, provide a new policy, or if these actions are not possible, provide compensation.

### *Trust registration*

The trustees must register with HMRC's Trust Registration Service (TRS) if it is considered UK resident or has a UK tax liability, unless an exemption applies. As discussed, the Discounted Gift Trust - Discretionary version will need to be registered.

- A trust must register within 90 days of the date of the trust deed.
- The trustees must submit evidence of registration (available from the TRS) or confirm exemption from registration to Quilter within 90 days of the trust date.

Further details regarding trust registration can be found here: [www.quilter.com/siteassets/documents/platform/guides-and-brochures/qip22888\\_registering\\_trust-guide.pdf](http://www.quilter.com/siteassets/documents/platform/guides-and-brochures/qip22888_registering_trust-guide.pdf)
