Fund name, objective & investment policy changes

I am writing to you because you are invested in the EdenTree UK Equity Opportunities fund, provided by EdenTree Investment Management Limited.

EdenTree will change the name, objective and investment policy from **17 February 2026**.

You'll see the new fund name on our valuations and statements after this date.

Old fund name	New fund name
EdenTree UK Equity Opportunities	EdenTree Sustainable UK Equity Opportunities

The old and new objective and investment policy are overleaf for you to compare.

You may want to speak to your financial adviser about the impact of the change. Please speak to them before making any investment decisions, or if you have any questions about the change.

If you don't have a financial adviser, we recommend that you consider the benefits of receiving professional financial advice, which can be especially important when you need to make investment decisions. If you would like to search for an adviser in your area you can start by visiting quilter.com/financial-advice/find-an-adviser.

How this will affect your account

- **The value of your holding** – The changes may affect the value of your fund holding. The costs for implementing the changes will be borne by the fund and are estimated to be approximately 0.008% of the fund value.
- **Risk profile** – The fund's risk profile will not change.
- The Ongoing Charges Figure (OCF) / Total Expense Ratio (TER) will not change.

The OCF/TER represents the ongoing charges for the fund, expressed as a percentage. It is the sum of the Annual Management Charge (AMC) and all other running costs of the fund. OCF is increasingly replacing TER.

Why the funds are changing

The fund is adopting the 'Sustainability Focus' label in line with the new rules under the FCA's Sustainability Disclosure Requirements (SDR).

SDR presents a package of measures, namely sustainability labels, disclosures at fund and fund manager level, a rule against greenwashing, and additional regulations concerning sustainable investing in the UK.

The sustainability labels aim to clearly differentiate between i) sustainability labelled funds that qualify as sustainable, ii) unlabelled funds that mention environmental, social, and governance (ESG) characteristics in their branding or marketing, and iii) non-ESG funds.

SDR divides each labelled fund into one of four labels, based on their sustainability-related objectives and features. Along with the corresponding disclosures, which are applicable at both the fund and fund manager

level, the labels are intended to provide investors with the necessary information to make educated decisions regarding which funds align with their needs and sustainability inclinations.

With this in mind, EdenTree have decided to update the disclosures within the fund’s prospectus in order to comply with the SDR requirements in order to adopt the Sustainability Focus label.

The next steps

You don't need to take any action unless you would like to choose a new asset from our extensive range. Please speak to your financial adviser before making any investment decisions or if you have any questions about this change.

If you have any questions about this letter, please speak to your financial adviser who will be able to help you. Alternatively, you can call or email us using the details shown and we will be happy to help. Our Customer Service Centre is open 8:30am – 5:30pm, Monday to Friday.

Yours sincerely,

Callum Earl

Head of Client Services

Fund objective and investment policies

Current fund EdenTree UK Equity Opportunities	New fund EdenTree Sustainable UK Equity Opportunities
<p>Financial Objective To achieve long-term capital growth over five years or more with an income.</p> <p>Investment Policy The EdenTree UK Equity Opportunities fund aims to invest at least 80% in a range of UK incorporated companies whose primary listing is in the UK which the Manager believes offer good potential for long-term capital growth. The portfolio will consist of at least 80% listed securities with a bias towards small and mid-cap companies and those that the Manager considers are undervalued opportunities. The Manager may also invest in units in collective investment schemes, money- market instruments, derivatives and forward transactions, deposits, nil and partly-paid securities, bonds, convertible bonds, cash and near cash as deemed economically appropriate to meet the fund's objective.</p> <p>At least 80% of the fund's assets will be invested in line with the sustainability approach.</p>	<p>Financial Objective To achieve long-term capital growth over five years or more with an income.</p> <p>Sustainability Objective To invest in companies that make a positive contribution to people (employees, supply chain workers, local communities and customers) and the planet (the environment), through their products, services, and/or operations. In order to demonstrate a positive contribution to people and the planet, companies must meet the EdenTree Standard of Sustainability.</p> <p>The EdenTree Standard of Sustainability assesses a company's performance against material sustainability topics, which are topics that affect a company's ability to deliver positive outcomes for people and the planet such as climate mitigation, water management, biodiversity, human rights, community and decent work (the full list of material topics, how these are selected and how performance is assessed, is disclosed below under "Sustainability Approach: How We Select Assets").</p> <p>This enables us to identify companies that make a positive contribution to people (for example, companies which promote labour and human rights across their supply chain, thereby contributing to more equitable societies), and the planet (for example, companies which provide low-carbon products and promote operational resource</p>

efficiency, thereby contributing towards healthier ecosystems and reduced global warming).

We consider the fund's sustainability and financial goals to be complementary and are not looking to compromise on either goal. However, the fund's sustainability criteria may limit its exposure to some investments. Investors should, therefore, note that, as the choice of investments for the fund may be limited to a subset of the stock market, this may result in greater volatility in the fund's performance against its benchmark.

Investment Policy

The EdenTree Sustainable UK Equity Opportunities fund aims to invest at least 80% in a range of UK incorporated companies whose primary listing is in the UK which the Manager believes offer good potential for long-term capital growth. The portfolio will consist of at least 80% listed securities with a bias towards small and mid-cap companies and those that the Manager considers are undervalued opportunities. The Manager may also invest in units in collective investment schemes, money- market instruments, derivatives and forward transactions, deposits, nil and partly-paid securities, bonds, convertible bonds, cash and near cash as deemed economically appropriate to meet the fund's objective.

At least 80% of the fund's assets will be invested in line with the sustainability approach. Up to 20% of the fund may be invested in other assets (as described above) that do not meet the Sustainability Approach but will not conflict with the Fund's sustainability objective. These investments will be held for diversification and risk management purposes.
