## Fund merger for VT Downing Unique Opportunities

The VT Downing Unique Opportunities fund that you invest in as part of a model portfolio set up by your financial adviser is due to merge into the VT Downing Small & Mid-Cap Income fund. The merger will take place on **10 April 2026**. You'll see the new fund on your valuations and statements after that date.

The merger is subject to shareholder approval. If it isn't approved, we will write to let you know.

**Your financial adviser will take any action that needs to be taken and, if necessary, help to address any questions you may have.**

### How the merger will affect your account

- **The value of your fund holding** – The merger may affect the value of your fund holding. The audit and accountancy costs associated with terminating the merging fund will be borne by the fund and are estimated to be approximately 0.06% of the fund value.
- **Treasured assets** – if you have treasured the fund to be excluded when deducting units to meet certain scheduled payments from your account (for example charges and ongoing adviser fees), this arrangement will stop. You can arrange to treasure different assets by providing us with a new treasured asset request form.

Cash may not be suitable for your long-term investment needs. If you're happy for the amount to stay in cash, you don't need to do anything. Your financial adviser will take any action that needs to be taken and help to answer any questions you may have.

### A note about cash in your account

We don't take any product or service charges on your cash balance (although the value is still included in the total value calculation for the charge). Instead, we pay you a rate of interest on cash in your account and we are paid by retaining a proportion of the interest we receive from our banking partners.

You can find more information, including the current interest rate payable and how much interest we retain, on our website at [quilter.com/interest-on-cash](https://quilter.com/interest-on-cash).

- The merger **may change the fund's risk profile**. You can see more information about the new fund in its Key Investor Information document, available online at [quilter.com/VT-Downing-Unique-Opportunities](https://quilter.com/VT-Downing-Unique-Opportunities) Please note, it may not reflect the charges applicable when accessing the fund through us.

### Why the funds are merging

Over the past 12 months, the receiving fund has outperformed the merging fund by around 4% and the size of the merging fund has fallen from £24,044,467 as at 9 October 2025 to £16,526,974 as of 16 January 2026. Valu-Trac believes that the receiving fund offers stronger prospects for future growth, which may result in additional cost reductions through economies of scale over the longer term.

The funds have a similar investment objective and can, broadly, invest in the same type of assets. The funds both mainly invest in equities, particularly in smaller companies based in the UK, and there is a significant degree of overlap of the underlying investments of the funds (rising from around 8% in September 2024 to around 45% in November 2025). The portfolios of both funds have been managed by the same portfolio manager in recent years, and their performance, risk profile and key risk/return factors are very similar. The receiving fund is, therefore, considered by Valu-Trac to be a suitable receiving fund.

You can find more information about the old and new funds overleaf.

If you have any questions about this letter, please speak to your financial adviser who will be able to help you. Alternatively, you can call or email us using the details shown and we will be happy to help. Our Customer Service Centre is open 8:30am – 5:30pm, Monday to Friday.

Yours sincerely

**Callum Earl**
