JPM (Lux) Global Convertibles (Hedged) – fund closure

The JPM (Lux) Global Convertibles (Hedged) fund that you invest in as part of a model portfolio set up by your financial adviser is due to be closed from 21 April 2026.

JPMorgan Asset Management (Europe) Sàrl are merging the JPM (Lux) Global Convertibles (Hedged) fund into a fund that we do not offer. As a result we will be closing the fund on **21 April 2026**.

We have been unable to accept new investments into the fund since 30 March 2026.

Your financial adviser will take any action that needs to be taken and, if necessary, help to address any questions you may have.

How the fund closure will affect your account

- **Phasing and Rebalancing** – Any **phased investment** or **rebalancing** instructions using the fund will automatically continue. These will either buy units in your other assets proportionally, or go into cash, depending on how your adviser set up the model portfolio. Alternatively, we will update the instruction if your financial adviser provides a revised asset choice.
- **Direct Debits** – If you are paying into the fund by Direct Debit future payments will either buy units in your other assets proportionally, or go into cash, depending on how your adviser set up the model portfolio. Alternatively, we will update the instruction if your financial adviser provides a revised asset choice.

Cash may not be suitable for your long-term investment needs. If you're happy for the amount to stay in cash, you don't need to do anything. Your financial adviser will take any action that needs to be taken and help to answer any questions you may have.

A note about cash in your account

You can find more information, including the current interest rate payable and how much interest we retain, on our website at quilter.com/interest-on-cash.
