Dear (Salutation)

## Fund merger for abrdn MyFolio Market II

Account number: XXXXXX

Your financial adviser: XXXXXX

I am writing to you because you are invested in the abrdn MyFolio Market II fund, provided by abrdn Fund Managers Limited.

abrdn Fund Managers Limited has informed us that the abrdn MyFolio Market II fund will merge into the abrdn MyFolio Index II fund on **11 July 2025**. You'll see the new fund on your valuations and statements after that date.

You may want to speak to your financial adviser about the impact of the merger. Please speak to them before making any investment decisions, or if you have any questions about this change.

**If you don't have a financial adviser**, we recommend that you consider the benefits of receiving professional financial advice, which can be especially important when you need to make investment decisions. If you would like to search for an adviser in your area you can start by visiting [quilter.com/financial-advice/find-an-adviser](https://quilter.com/financial-advice/find-an-adviser).

The last date we can sell from the fund before the merger will be 11:00 on 10 July 2025.

### How the merger will affect your account

- **The value of your fund holding** – The merger may affect the value of your fund holding, as explained below under the heading "Will the merger cost me anything?"
- **Direct Debits** – If you are paying into the fund by Direct Debit:
  - 1) payments up to and including 10 July 2025 will be allocated to the abrdn MyFolio Market II fund.
  - 2) any payments which are due to be collected whilst the merger is taking place will buy units proportionally across the other assets in your Direct Debit instruction. If the merging fund is the only fund in your instruction, those payments will be allocated to cash. They will stay in cash unless you choose to switch them to another asset in future.
  - 3) payments after the merger will be allocated to the abrdn MyFolio Index II fund.

- **Phased investment** – Instructions using the fund will automatically continue after the merger. Unless you give us an alternative choice, future transactions will be reapportioned across the other assets in your instruction, or cash if the merging fund is the only fund in your instruction.
- **Treasured assets** – if you have treasured the fund to be excluded when deducting units to meet certain scheduled payments from your account (for example charges and ongoing adviser fees), this arrangement will stop. You can arrange to treasure different assets by providing us with a new treasured asset request form.

Cash may not be suitable for your long-term investment needs. If you're happy for the amount to stay in cash, you don't need to do anything. Alternatively, you can switch the cash into an alternative asset(s) from our extensive range. Your financial adviser can give us your switch instruction, or you can switch by logging into our online Customer Centre at [quilter.com/login](https://quilter.com/login) or by sending us a switch form in the post.

### A note about cash in your account

We don't take any product or service charges on your cash balance (although the value is still included in the total value calculation for the charge). Instead, we pay you a rate of interest on cash in your account and we are paid by retaining a proportion of the interest we receive from our banking partners.

You can find more information, including the current interest rate payable and how much interest we retain, on our website at [quilter.com/interest-on-cash](https://quilter.com/interest-on-cash).

- The merger **may change the fund's risk profile**. You can see more information about the new fund in its Key Investor Information document, available online at XXXXXX. Please note, it may not reflect the charges applicable when accessing the fund through us.
- **Ongoing Charge Figure (OCF) / Total Expense Ratio (TER)** - The OCF/TER will change with the merger.

Fund managers apply an Annual Management Charge (AMC) for the investment management they provide. This is reflected within the daily price of the fund and not taken directly from your holdings.

The OCF/TER represents the ongoing charges for the fund, expressed as a percentage. It is the sum of the AMC and all other running costs of the fund. OCF is increasingly replacing the TER.

	AMC %	OCF/TER %
Current abrdn MyFolio Market II (Share Class Institutional)	0.075%	0.23%
New abrdn MyFolio Market II (Share Class Institutional B)	0.20%	0.20%

**Please note that none of the changes detailed in this letter affect any charges made by Quilter.**

### Will the merger cost me anything?

According to abrdn, approximately 53% of the merging fund's portfolio will need to be realigned. The cost of this realignment has been estimated to be 0.15% of the fund's value and will be borne by the fund.

### Why the funds are merging

Following a review of their UK authorised fund range, abrdn have identified that the merging funds and the continuing funds share a similar investment universe, asset allocations and risk target. The fund merger will lead to a smaller, simplified UK authorised fund range with the aim of having a clearer offering to investors

You can find more information about the old and new funds overleaf.

## The next steps and avoiding the merger

You do not need to take any action unless you would like to choose a new asset from our extensive range. You can switch your holding in the abrdn MyFolio Market II fund at any time up until **11:00 on 10 July 2025**. If you decide to switch into a new asset(s), please note that you will also need to update your asset choice for Direct Debit payments, if applicable.

If you have any questions about this letter, please speak to your financial adviser who will be able to help you. Alternatively, you can call or email us using the details shown and we will be happy to help. Our Customer Service Centre is open 8:30am – 5:30pm, Monday to Friday.

Yours sincerely,

**Callum Earl**

## Fund objectives

Current fund abrdn MyFolio Market II	New fund abrdn MyFolio Index II
<p><b>Fund objective:</b> To generate growth over the long term (5 years or more) while being managed to a defined level of risk. The fund is part of the abrdn MyFolio Market range, which offers five funds with different expected combinations of investment risk and return. The fund is risk level II, which aims to be the second lowest risk fund in this range.</p> <p>Risk Target: The defined level of risk referred to above that the management team is targeting is within the range of 35-55% of world stock markets (represented by the MSCI World Index), over 10 years. There is no certainty or promise that this target will be achieved. The Risk Target has been chosen as it represents a risk range which is appropriate for the fund.</p> <p>The fund will invest at least 60% in passively managed funds, including those managed by abrdn, to obtain broad exposure to a range of diversified investments.</p> <p>It may invest up to 40% in actively managed funds (including those managed by abrdn).</p> <p>Typically, at least 40% of the assets will be those traditionally viewed as lower risk, such as cash, money market instruments, government bonds (loans to a government) and investment grade corporate bonds (loans to a company).</p> <p>The rest of the fund will be invested in a selection of other assets such as equities (company shares including property shares), commercial property and funds that can use a combination of traditional assets (such as equities and bonds) and investment strategies based on derivatives.</p>	<p><b>Fund objective:</b> To generate growth over the long term (5 years or more) while being managed to a defined level of risk.
