Fund merger for Premier Miton Diversified Responsible Growth

I am writing to you because you are invested in the Premier Miton Diversified Responsible Growth fund, provided by Premier Portfolio Managers Limited.

Premier Portfolio Managers Limited has informed us that the Premier Miton Diversified Responsible Growth fund will merge into the Premier Miton Diversified Growth fund on **31 July 2026**. You'll see the new fund on your valuations and statements after that date.

The merger is subject to shareholder approval. If it isn't approved, we will write to let you know.

The last date we can sell from the fund before the merger will be 11:00 on 31 July 2026.

You may want to speak to your financial adviser about the impact of the merger. Please speak to them before making any investment decisions, or if you have any questions about this change.

If you don't have a financial adviser, we recommend that you consider the benefits of receiving professional financial advice, which can be especially important when you need to make investment decisions. If you would like to search for an adviser in your area you can start by visiting quilter.com/financial-advice/find-an-adviser.

How the merger will affect your account

- **The value of your fund holding** – The merger will not affect the value of your fund holding.
- **Direct Debits** – If you are paying into the fund by Direct Debit:
 - 1) payments up to and including 31 July 2026 will be allocated to the Premier Miton Diversified Responsible Growth fund.
 - 2) any payments which are due to be collected whilst the merger is taking place will buy units proportionally across the other assets in your Direct Debit instruction. If the merging fund is the only fund in your instruction, those payments will be allocated to cash. They will stay in cash unless you choose to switch them to another asset in future.
 - 3) payments after the merger will be allocated to the Premier Miton Diversified Growth fund.
- **Phased investment** – Instructions using the fund will automatically continue after the merger. Unless you give us an alternative choice, future transactions will be reapportioned across the other assets in your instruction, or cash if the merging fund is the only fund in your instruction.
- **Treasured assets** – if you have treasured the fund to be excluded when deducting units to meet certain scheduled payments from your account (for example charges and ongoing adviser fees), this arrangement will stop. You can arrange to treasure different assets by providing us with a new treasured asset request form.

Cash may not be suitable for your long-term investment needs. If you're happy for the amount to stay in cash, you don't need to do anything. Alternatively, you can switch the cash into an alternative asset(s) from our extensive range. Your financial adviser can give us your switch instruction, or you can switch by logging into our online Customer Centre at quilter.com/login or by sending us a switch form in the post.

A note about cash in your account

We don't take any product or service charges on your cash balance (although the value is still included in the total value calculation for the charge). Instead, we pay you a rate of interest on cash in your account and we are paid by retaining a proportion of the interest we receive from our banking partners.

You can find more information, including the current interest rate payable and how much interest we retain, on our website at quilter.com/interest-on-cash.

- The merger **won't change the fund's risk profile**. You can see more information about the new fund in its Key Investor Information document, available online at quilter.com/premier-miton-DRG. Please note, it may not reflect the charges applicable when accessing the fund through us.
- **Ongoing Charge Figure (OCF) / Total Expense Ratio (TER)** - The OCF/TER will change with the merger.
- The **reimbursed rebate** that applies to your fund holding will change from 0.30% to 0.05%.

Fund managers apply an Annual Management Charge (AMC) for the investment management they provide. This is reflected within the daily price of the fund and not taken directly from your holdings.

The OCF/TER represents the ongoing charges for the fund, expressed as a percentage. It is the sum of the AMC and all other running costs of the fund. OCF is increasingly replacing the TER.

We receive a rebate from the fund manager in respect of this fund. This is effectively a discount on the fund manager's AMC, that we negotiate for you. We reinvest the whole rebate as a 'reimbursed rebate' into your account. You can see more details of this in the 'Customer Account Credit' section of your quarterly statements.

The table below shows the current and new AMC, OCF/TER and reimbursed rebate of the fund. The Effective OCF/TER is the OCF/TER less the reimbursed rebate.

	AMC %	OCF/TER %	Reimbursed rebate %	Effective OCF/TER %
Current	0.75	1.00	0.30	0.70
New	0.50	0.57	0.05	0.52

Please note that none of the changes detailed in this letter affect any charges made by Quilter.

Why the funds are merging

Premier Portfolio Managers Limited are proposing to merge the Premier Miton Diversified Responsible Growth fund into the Premier Miton Diversified Growth fund to lower costs and improve scale and efficiency.

Combining the funds will create a larger, more efficient portfolio which may enhance portfolio construction and operational efficiency. The receiving fund has lower ongoing charges and the increased scale of the combined fund is expected to reduce the cost burden on investors.

You can find more information about the old and new funds overleaf.

The next steps and avoiding the merger

You do not need to take any action unless you would like to choose a new asset from our extensive range. You can switch your holding in the Premier Miton Diversified Responsible Growth fund at any time up until **11:00 on 31 July 2026**. If you decide to switch into a new asset(s), please note that you will also need to update your asset choice for Direct Debit payments, if applicable.

If you have any questions about this letter, please speak to your financial adviser who will be able to help you. Alternatively, you can call or email us using the details shown and we will be happy to help. Our Customer Service Centre is open 8:30am – 5:30pm, Monday to Friday.

Yours sincerely,

Callum Earl

Head of Client Services

Fund objectives

Current fund Premier Miton Diversified Responsible Growth	New fund Premier Miton Diversified Growth
Fund objective: To achieve capital growth over the long term, being five years or more. The minimum recommended holding term is at least five years. This does not mean that the fund will achieve the objective over this, or any other, specific time period and there is a risk of loss to the original capital invested. The Investment Manager aims to achieve the objective of the fund by investing in a globally diversified portfolio of investments covering different asset classes (in developed and less developed countries) that are assessed against relevant environmental and social criteria (sustainability characteristics), which display a good governance profile and which align to themes with responsible or sustainable characteristics. The fund may use derivatives, warrants and forward transactions (these are contracts whose value is based on the change in price of an underlying investment), for the purposes of efficient portfolio management including hedging (hedging is designed to offset the risk of another investment falling in price). The use of these (including structured investments) will be limited.	Fund objective: To provide capital growth over the long term, being five years or more. Five years is also the minimum recommended period for holding shares in this fund. This does not mean that the Fund will achieve the objective over this, or any other, specific time period and there is a risk of loss to the original capital invested. The Investment Manager aims to achieve the objective of the fund by investing in a diversified portfolio of investments covering different assets including fixed income (including bonds issued by governments and companies), convertible bonds (bonds that can convert into company shares), company shares, property company shares, alternative investments (which may include commodities and hedge funds), deposits, cash and near cash. The fund may invest in derivatives, warrants and forward transactions (whose value is based on the change in price of an underlying investment) for investment purposes as well as for efficient portfolio management, including hedging (hedging is designed to offset the risk of another investment falling in price).
