(DATE)

Dear

## Fund merger for SVM All Europe SRI

**Account number:**  
**Your financial adviser:**

I am writing to you because you are invested in the SVM All Europe SRI fund, provided by SVM Asset Management Limited.

SVM has informed us that the SVM All Europe SRI fund will merge into the RGI European fund on **19 September 2025**. You'll see the new fund on your valuations and statements after that date.

The merger is subject to shareholder approval. If it isn't approved, we will write to let you know.

The last date we can sell from the fund before the merger will be 11:00 on 15 September 2025.

You may want to speak to your financial adviser about the impact of the merger. Please speak to them before making any investment decisions, or if you have any questions about this change.

**If you don't have a financial adviser**, we recommend that you consider the benefits of receiving professional financial advice, which can be especially important when you need to make investment decisions. If you would like to search for an adviser in your area you can start by visiting [quilter.com/financial-advice/find-an-adviser](https://quilter.com/financial-advice/find-an-adviser).

- **The value of your fund holding** – The merger may affect the value of your fund holding, as explained below under the heading "Will the merger cost me anything?"
- **Direct Debits** – If you are paying into the fund by Direct Debit:
  - 1) payments up to and including 15 September 2025 will be allocated to the SVM All Europe SRI fund.
  - 2) any payments which are due to be collected whilst the merger is taking place will buy units proportionally across the other assets in your Direct Debit instruction. If the merging fund is the only fund in your instruction, those payments will be allocated to cash. They will stay in cash unless you choose to switch them to another asset in future.
  - 3) payments after the merger will be allocated to the RGI European fund.
- **Phased investment** – Instructions using the fund will automatically continue after the merger. Unless you give us an alternative choice, future transactions will be reapportioned across the other assets in your instruction, or cash if the merging fund is the only fund in your instruction.
- **Treasured assets** – if you have treasured the fund to be excluded when deducting units to meet certain scheduled payments from your account (for example charges and ongoing adviser fees), this arrangement will stop. You can arrange to treasure different assets by providing us with a new treasured asset request form.

Cash may not be suitable for your long-term investment needs. If you're happy for the amount to stay in cash, you don't need to do anything. Alternatively, you can switch the cash into an alternative asset(s) from our extensive range. Your financial adviser can give us your switch instruction, or you can switch by logging into our online Customer Centre at [quilter.com/login](https://quilter.com/login) or by sending us a switch form in the post.

### A note about cash in your account

We don't take any product or service charges on your cash balance (although the value is still included in the total value calculation for the charge). Instead, we pay you a rate of interest on cash in your account and we are paid by retaining a proportion of the interest we receive from our banking partners.

You can find more information, including the current interest rate payable and how much interest we retain, on our website at [quilter.com/interest-on-cash](https://quilter.com/interest-on-cash).

- The merger **may change the fund's risk profile**. You can see more information about the new fund in its Key Investor Information document, available online at . Please note, it may not reflect the charges applicable when accessing the fund through us.
- **Ongoing Charge Figure (OCF) / Total Expense Ratio (TER)** - The OCF/TER will change with the merger.

Fund managers apply an Annual Management Charge (AMC) for the investment management they provide. This is reflected within the daily price of the fund and not taken directly from your holdings.

The OCF/TER represents the ongoing charges for the fund, expressed as a percentage. It is the sum of the AMC and all other running costs of the fund. OCF is increasingly replacing the TER.

The table below shows the current and new AMC and OCF/TER of the fund.

	AMC %	OCF/TER %
Current	0.75	1.15
New	0.75	0.88

**Please note that none of the changes detailed in this letter affect any charges made by Quilter.**

## Will the merger cost me anything?

The cost of any necessary trading incurred as a result of rebalancing the portfolio of the merging fund will be met out of the assets of the fund. Such costs are expected to be less than 0.30% of the merging fund's value.

## Why the funds are merging

SVM Asset Management Limited does not believe there is potential for the merging fund to grow meaningfully in the foreseeable future due to the fund's size and relatively high charges.

The receiving fund is a sub-fund of RGI Funds ICVC, for which SVM are also the authorised corporate director, and has the same investment manager as the merging fund.

SVM believe the merger proposal is in the best interests of the shareholders of the merging fund as they would become shareholders of a very similar fund at a lower cost.

You can find more information about the old and new funds overleaf.

## The next steps and avoiding the merger

You do not need to take any action unless you would like to choose a new asset from our extensive range. You can switch your holding in the SVM All Europe SRI fund at any time up until **11:00 on 15 September 2025**. If you decide to switch into a new asset(s), please note that you will also need to update your asset choice for Direct Debit payments, if applicable.

If you have any questions about this letter, please speak to your financial adviser who will be able to help you. Alternatively, you can call or email us using the details shown and we will be happy to help. Our Customer Service Centre is open 8:30am – 5:30pm, Monday to Friday.

Yours sincerely

**Callum Earl**

## Fund objectives

Current fund SVM All Europe SRI	New fund RGI European
<p><b>Fund objective:</b></p> <p>To achieve capital growth over the long term (5 years or more) and it aims to outperform the MSCI Europe Index (or any successor index) by investing at least 80% in equities and equity related instruments which are dealt in or traded on all European Eligible Securities Markets. From time to time, when particular opportunities are identified, or the ACD considers it appropriate, the fund may invest in transferrable securities which are dealt in or traded on other Eligible Securities Markets, or which are otherwise permitted for the fund.</p>	<p><b>Fund objective:</b></p> <p>To achieve a return (income and growth in the value of your investment) over a rolling period of at least 5 years, by investing in a core concentrated portfolio of shares of European companies (typically numbering between 30 and 50). A rolling period of at least 5 years has been chosen because it is broadly similar to the length of an average business cycle.</p>
