## Portfolio objective

The WealthSelect Responsible Active 9 portfolio aims to achieve capital growth over a period of five years or more, while managing the Environmental, Social, and Governance (“ESG”) risk of the portfolio and maintaining a smaller carbon footprint than the reference index. The portfolio will have exposure to a diversified range of investments in the UK and globally by investing in funds that we identify as leaders in the integration and management of ESG factors.

In addition to meeting these criteria, at least 50% of the portfolio’s assets will be in funds that pursue explicit environmental and/or social targets or characteristics as part of their investment process.

The portfolio is matched to a risk profile that targets a specific range of volatility of between 85% - 95% of the expected annualised volatility of global equities over the next 10 years and is managed to stay within this range most of the time.

Source: Quilter. Calculated by FactSet. Total return, percentage growth, rounded to one decimal place. All performance shown is based on an illustrative model of the WealthSelect Responsible Active 9 Portfolio held via the Quilter platform, after the deduction of the charges of the underlying funds, but before the deduction of the Managed Portfolio Service charge. The deduction of this charge will impact on the performance shown. The WealthSelect Responsible Active 9 launched on 8 March 2022. The performance of the portfolio on other platforms may not be the same due to various factors including the availability of funds and share classes, the timing of trades within the portfolio, and the impact of costs and charges. Investors can obtain a performance summary of their individual portfolio from their financial adviser.

| JPMorgan Chase & Co.    | 0.80       |

## Sector breakdown

## Glossary

### Performance comparator

The performance comparator is an index or similar factor against which the portfolio manager invites investors to compare the performance of the portfolio. The IA Flexible Investment sector is representative of funds with exposure to a broad mix of asset types. The portfolio's allocations to these asset types are likely to be different to the average sector allocation and therefore the performance of the portfolio and the performance comparator may differ significantly.

### Volatility target

One of the main measures of investment risk is volatility, which is a measure of the amount an investment rises and falls over time. The portfolio targets a range of volatility rather than a particular level of growth.

### Weighted fund charge

The weighted fund charge is the weighted average of the charges of the underlying funds held in the portfolio.

### MPS charge

The MPS charge is the amount charged annually by Quilter for running the portfolios. We will deduct the charge on a monthly basis from your account. The charge is expressed as a percentage of the investment held within the Managed Portfolio Service.

## Need additional help reading documents?

More and more of our investors are using screen reading software as a quick and easy way to read their documentation if they are blind, partially sighted, or dyslexic. Alternatively, we can write to you in several alternative formats, such as large print, braille, audio, and OpenDyslexic font. Find out more about screen readers, accessing your documents online, and our alternative format options at [quilter.com/document-help](https://quilter.com/document-help).

## Important information

Further information on the WealthSelect Managed Portfolio Service can be found at [quilter.com/wealthselect](https://quilter.com/wealthselect).

**Past performance is not a guide to future performance and may not be repeated. Investment involves risk. The value of investments and the income from them may go down as well as up and investors may not get back the amount originally invested. Because of this, an investor is not certain to make a profit on an investment and may lose money. Exchange rates may cause the value of overseas investments to rise or fall.**

Please be aware that calls and electronic communications may be recorded for monitoring, regulatory and training purposes and records are available for at least five years.

The WealthSelect Managed Portfolio Service is provided by Quilter Investment Platform Limited and Quilter Life & Pensions Limited. “Quilter” is the trading name of Quilter Investment Platform Limited (which also provides an Individual Savings Account (ISA), Junior ISA (JISA) and Collective Investment Account (CIA)) and Quilter Life & Pensions Limited (which also provides a Collective Retirement Account (CRA) and Collective Investment Bonds (CIB)).
