Jupiter Emerging Market Debt – fund closure

The Jupiter Emerging Market Debt fund that you invest in as part of a model portfolio set up by your financial adviser is due to be closed from **20 January 2026**.

We have been unable to accept new investments into the fund since 12 December 2025.

Your financial adviser will take any action that needs to be taken and, if necessary, help to address any questions you may have.

How the fund closing will affect your account

- **Phasing and Rebalancing** – Any **phased investment** or **rebalancing** instructions using the fund will automatically continue. These will either buy units in your other assets proportionally, or go into cash, depending on how your adviser set up the model portfolio. Alternatively, we will update the instruction if your financial adviser provides a revised asset choice.
- **Direct Debits** – If you are paying into the fund by Direct Debit future payments will either buy units in your other assets proportionally, or go into cash, depending on how your adviser set up the model portfolio. Alternatively, we will update the instruction if your financial adviser provides a revised asset choice.

Cash may not be suitable for your long-term investment needs. If you're happy for the amount to stay in cash, you don't need to do anything. Your financial adviser will take any action that needs to be taken and help to answer any questions you may have.

A note about cash in your account

We don't take any product or service charges on your cash balance (although the value is still included in the total value calculation for the charge). Instead, we pay you a rate of interest on cash in your account and we are paid by retaining a proportion of the interest we receive from our banking partners.

You can find more information, including the current interest rate payable and how much interest we retain, on our website at **quilter.com/interest-on-cash**.

Capital gains tax – Collective Investment Account only

If you choose to sell or switch your holdings, this is a disposal for capital gains tax purposes. Please speak to your financial adviser to understand how this may affect you.

The cost of the closure

The trading costs when selling down the portfolio for the closure will be borne by the fund and are estimated to be approximately 0.29% of the fund value.

Why the fund manager is closing the fund

Jupiter Asset Management (Europe) Limited believes that terminating the fund is in the best interests of the Shareholders as its total assets under management have fallen below the level at which the fund could be managed cost effectively and remain economically viable. Due to this, they believe the fund is unlikely to attract new material investors in the future.

If you have any questions about this letter, please speak to your financial adviser who will be able to help you. Alternatively, you can call or email us using the details shown and we will be happy to help. Our Customer Service Centre is open 8:30am – 5:30pm, Monday to Friday.

Yours sincerely
